

## COMPLIANCE MARCH

Details for organizers

Questions, email [info@wakingupwashington.com](mailto:info@wakingupwashington.com) or message @palmerdavis on Telegram.

This is inspired by a [protest in Vienna](#) in January 2021.

1. **Choose a meetup / march location.**
  - a. Sidewalks and public parks are public property (good). You do not need a permit or permission to use public sidewalks or march through a park. If anyone asks, this is a free speech event protected by the First Amendment.
  - b. Choose an area where you will be seen by either walking or drive-by traffic. Any busy road with good sidewalks, or downtown, would be great.
  - c. Ideally you want an area where parking isn't an issue.
  - d. We're recommending marching for 40-60 minutes.
2. **Let Palmer know** the meetup location and the day/time so she can make you a shareable flyer. If you would like to make your own flyer that's fine too. 😊
3. **Order or obtain:**
  - a. White HazMat or painter's suits. [Example](#)
  - b. White plastic Halloween masks. [Example](#) (you could also paint faces white)
  - c. Standard sized 8.5x11" white cardstock, available at Fred Meyer, online, or any office supply store. [Example](#)
4. **Write or print COMPLY** in large black letters on the cardstock. Feel free to try other messages but it should be simple, folks can't read much from a distance. Here's a [printable PDF](#).
5. **Pin the cardstock to the suits** once they're on the people
6. Optional, bring a speaker to play creepy music
7. **Be early.** The organizer should always be the first one there so you can be ready for everyone else.
